The Twenty Thousand Dollar Drive Begins

HUN DRIVE IS POSTPONED TO WAIT FOR BAD WEATHER IS NOW BELIEF OF THE ALLIES

PARIS, May 20.—The artillery dueling has become more violent in the region of Hangard, opposite Amiens on the Picardy battlefront, the French war office reported today. Patrols south of the Avre and west of Castel today took some prisoners. Northwest of Rheims, near Bermericourt, the French penetrated to the enemy's third line trenches destroyed military works and captured some prisoners, one an officer, as well as war materials. The Germans tried to raid French lines in the sectors of Vauclere and the Boischevaliers, but without success.

WITH THE AMERICAN ARMY IN FRANCE, May 20.—Indications now point to the beginning of the next big German smash against the French, British and American forces in northern France and Flanders in the last week of this month or during the first two or three days of June.

The Germans have practically completed the bringing up of their artillery and the preparation of their lines for a tremendous onslaught, but as this dispatch is written the final shifting of troops to be hurled en masse against the lines has not yet begun.

Great masses of the kaiser's troops are still concentrated in areas east of Amiens, whence they may be poured into the action, either in continuation of the stroke for the channel ports, which seems more probable, or in a southward drive in the direction of Paris, which is by no means out of the question.

AMERICANS IN BATTLE.

Whichever course Hindenburg elects to take, Americans probably will be found in the battle. Although the Austrians may launch an attack on the Italian front of some proportions, it is considered certain that no German divisions will be diverted to that theater of war, excepting possibly a few shattered units to back up the Austrian morale.

Hindenburg is playing the old German game of concentrating all his forces on the big smash and is not to be diverted by side issues.

AUXILIARY WILL MEET

The Trinity Ladies Auxiliary will hold its regular weekly meeting Tuesday at 2:30 p. m. promptly at the rectory. Mrs. Louise Monteagle diocesan president will be there. A full attendance is desired.

CLYDE CONN WRITES LETTER TO HOME FOLKS

Clyde Conn writes from Wales in a letter received today by his father, that he is still at work assembling aeroplanes and is getting along nicely in every way. He sends his best regards to all the Richmond folks. He says Curtis Patterson is with him and they rent bicycles every Sunday and go for a trip in the country. He is somewhere in the vicinity of Queenstown.

AMERICAN AVIATOR IS SHOT DOWN ON WAR FRONT IN HARD BATTLE

WITH THE AMERICAN ARMY IN FRANCE, May 20.—Major Raoul Lufbery who had been regarded as the best aviator in the American air service, was shot down and killed yesterday morning by a big German triplane, which he was attacking. Lufbery jumped from his machine when 800 yards above the ground. He had seventeen victories to his credit.

WITH THE AMERICAN ARMY IN FRANCE, May 20.—Major Raoul Lufbery of Wallingford, Conn., who was credited with having brought down eighteen German airplanes, was killed yesterday morning.

Lufbery fought with the Lafayette escadrille of the French army and distinguished himself in innumerable sky combats. Last December Lufbery, William Thaw and twenty-two other Americans who had been fighting with the Lafayette escadrille, were cossissioned as majors in the aviation reserve of the United States army in France, upon the recommendation of General Pershing.

Lufbery joined the French army early in the outbreak of the war and shortly after he got into the air service it became evident that he would distinguish hmself as one of the "aces."

In October, 1917, Lufbery, along with several others of the Lafayette escadrille, was cited in the official journal of the French army as an "incomparable pilot."

THREE-SEATER ATTACKED.

LONDON, May 20.—Major Lufbery, who was killed on Saturday in the Toul sector, met his death in combat with a German three-seater machine, said an Exchange Telegraph dispatch from Paris today.

LUFBERY SLAYER DOWNED.

WITH THE AMERICAN ARMY IN FRANCE, May 20.—A French aviator yesterday shot down an enemy plane back of the Luneville sector. Two men from the plane were captured by the Americans. The Germans came from somewhere in the rear. It is reported, although not confirmed, that this is the machine which brought down Major Lufbery.

Lufbery's only wound aside from those received when he crashed to earth, was a bullet hole through the thumb. Apparently the same bullet punctured one of the gasoline tanks of this machine.

The German machine was under heavy anti-aircraft fire several times both before and after the air fight, and one explosion of a shell upset the enemy plane, but it managed to straighten out again.

U. S. AIR VICTORY.

WITH THE AMERICAN ARMY IN FRANCE, May 20.—Two hostile airplanes have been brought down by American aviators, says an official announcement issued at American headquarters last evening.

WASHINGTON, May 20.—Aside from aerial activity on both sides yesterday was a quiet day at all points occupied by American troops, says General Pershing in his official communique transmitted today to the war department. "Our aviators brought down two hostile machines," it says.

The communique brings official news of the death of Major Raoul Lufbery, the American aviator shot down while pursuing German flyers, and tells also of the gallantry of two negro troopers who, while wounded, fought off a party of twenty German raiders.

FOE FLYER DOWNED.

WITH THE AMERICAN ARMY IN FRANCE, May 20.—The German biplane brought down Friday by Captain David Peterson of Honesdale, Pa., his third since May 15, was conquered after a fight of five kilometers within the German lines. Peterson and another pilot came upon two enemy machines, one 2000 meters high and the other 3000. The Americans each picked out an enemy airplane and attacked it.

Captain Peterson, diving on the tail of the one 200 meters high, fired thirty shots at close range. The enemy went into a spinning nose dive and crashed to earth. The other enemy machine escaped.

FORMER LABOR LEADER RETURNS HERE TO VISIT

Private Edward M. Hasey, now located at Camp Fremont, was in town yesterday visiting his relatives. Hasey left here in the early part of the month and for a time was stationed at Fort McDowell, Angel Island.

AIDS DISCHARGED SOLDIERS

Discharged soldiers in England are given a course in poultry farming and market gardening on property loaned to the Y. M. C. A. near London.

MISSING FLYER IS FOUND WOUNDED BY COMRADS

PARIS, May 20.—Captain Charles J. Biddle of Andalusia, Pa., chief of a patrol of the Lafayette squadron, who recently was reported lost after a fight with the Germans, was found by French scouts in No man's Land with a bullet through his leg. His machine was wrecked. He was brought to the rear for treatment in a hospital.

RED CROSS DRIVE IS LAUNCHED IN RICHMOND BY PARADING THOUSANDS

The Red Cross Women of Richmond demonstrated their earnestness of purpose in their work for the boys in the trenches when they turned out Saturday night to the number of more than two thousand in a parade along Macdonald avenue to start off the big bond drive for $20,000 from the people of Richmond and the territory embraced from Pinole, Giant, San Pablo and Stege.

Dressed in their white uniforms they made a very pretty picture.

These parades were held all over the nation. It was a great big showing from the Red Cross people and will be a great factor in bringing the people of the United States to realize that the women of the nation stand squarely behind the boys in the trenches. Nowhere was the spirit more manifest than in Richmond, when the wives, mothers and sisters of the men who have gone to battle marched down the street carrying flags, showing the number of boys who have gone to the front in response to their country's call. Some of these flags had as high as three stars, showing the sacrifice these households have made for the upholding of the ideals of democracy and humanity. The demonstration was one of great pride to everybody in the city.

Aside from the bands and the drum corps there was not a man in the parade. The Municipal band led the pageant and then came the High School girls and all the rest of the marching hosts, along with the Standard Oil band and afterward the drum corps and members of the Red Cross in autos who were not able to march. It was a splendid procession and one which was a source of pride to everybody in the city, from the highest to the lowest.

Starting at Second street and Macdonald avenue the parade marched to Fourteenth street, then countered to Ninth to the vacant lot in the rear of the Elks building where the crowd listened to speaking by Miss Adeline R. Hill of the University of California and Hon. Grover O'Conner of San Francisco, two of the accredited speakers of the Red Cross contingent who are contributing their services to the present drive.

Chairman C. J. Crary introduced the speakers and on the stand were Mayor W. L. Lane and members of the city council, together with Colonel Mrs. J. C. Owens, of the Mobilized women, Mrs. C. S. Gibson, Mrs. H. D. Chapman, Mrs. E. B Smallwood, in charge of the working force of the Red Cross and Mrs. H. W. Mergenthal.

The trend of the speaking was the sacrifice of our boys who have gone to war and the necessity of the folks at home to back them up with every resource at our command to help them win the war against the terrible Germans. Deep conviction was expressed by all o fthe speakers that Richmond will do her part nobly and will contribute more than the sum of $20,000 allotted to her in the present Red Cross drive.

The following are the ladies who managed the Saturday night demonstration and to whom credit is due for its success: Mrs. J. C. Owens was the commanding colonel and she enlisted as her aides, Mrs. E. B. Anderson, Mrs. Hopkins, Mrs. Lee Windrem, Mrs. G. W. Topping, Mrs. McCurdy, Mrs. W. S. MacRacken, Mrs. Janke, Mrs. C. S. Gibson, Mrs. Moody, Mrs. J. D. Osborn, Mrs. H. W. Tuller, Mrs W. A. Boone, Mrs. C. F. Donnelly, Mrs. Elizabeth Wright, Mrs. D. W. O'Brien, Mrs. U. S. Abbott and Miss Kinnear, in charge of the high school girls.

MANAGER OF BYRON BANK SUICIDES AFTER HE ATTENDED CHURCH

Mystery surrounds the suicide of Alfred L. Bovo, manager of the Byron bank, who yesterday after attending church in that place, entered his bank and shot himself through the head, killing himself instantly.

Bovo killed himself after attending services at the Catholic church. Accompanied by the Rev. Father McNamara, Bovo excused himself on reaching the bank and proceeded to a rear room where he shot himself through the right temple while standing before a mirror.

No motive has been found to explain his conduct. A bank examiner was here last Thursday, and after a

MR. WILSON SIGNS BILL CALLING THE YOUNG MEN INTO THE U.S. SERVICE

WASHINGTON, May 20.—The bill calling to the colors all young men who have reached the age of 21 ars since last registration day was signed by President Wilson this afternoon.

Provost Marshal General Crowder already had set June 5 for their registration.

HOLDINGS OF CUTTING ARE DISPOSED OF TO SATISFY JUDGMENT

The stock of Henry C. Cutting and his interests in the Point Richmond Canal and Land company, Richmond Dredging company and Monetary Trust Company, was sold at the Federal Building in San Francisco Saturday by United States Marshal James B. Holohan to satisfy a judgment of $8,391.94 given in favor of H. J. and Francis A. Woodward.

The stock of the three companies was bid in by Henry B. Mayo and $75 was realized. Cutting is at liberty on bonds of $10,000 pending an appeal to the circuit court on a contempt order because of his refusal to pay $500 master of chancery fees to H. M. Wright growing out of the hearing of the Woodward Brothers' action against his three companies.

Some weeks ago Cutting spent several days in the Alameda county jail on account of his failing to obey the orders of the federal court, but was released on putting up a bond in the sum of $10,000. He declares that when his case is heard on appeal that he will be absolved by the courts and that his property here will be restored to him.

SUPERVISORS GO TO LOS ANGELES

MARTINEZ, May 20.—The board of supervisors met today and adjourned and took the train for Los Angeles, where they will attend the state supervisoral association which convenes in that city tomorrow.

The members of the local board expect to be absent the greater part of the week.

DRIVE OF RED CROSS IS IN FULL SWING TO GO OVER THE TOP

The Red Cross Headquarters at the East Bay Water Company offices is the busiest place in town today. A full corps of workers has been on hand since early this morning, giving out supplies and taking subscriptions. Mr. Clark reports that home window cards will not be given to all subscribers so don't feel miffed if you do not get one. Since these window cards had to be paid for out of the Richmond Chapter funds, the committee very sensibly decided to do away with this expense and so swell the fund for "Over There." Watch for the big bulletin board which will go up at headquarters tonight. This board, which is being made by the High School boys will show daily the amounts raised by the different teams.

The Pullman company is donating a big red cross which will be erected in front of Macdonald Avenue headquarters and will show how Richmond is climbing up and over the top of her quota.

The committee expects to get the cross in place tonight.

POLICE AUTO IS WRECKED IN A COLLISION

The Ford police automobile and the Dodge car of the Richmond-San Rafael Ferry Co., driven by Manager Mose Mock collided Saturday evening, just before the Red Cross parade at Twelfth street and Macdonald avenue. Manager Mock was returning home from the ferry slip after his day's work and left Macdonald avenue at First street and went over on Nevin to reach his home at Twelfth street, where he resides between Bissell and Macdonald avenue.

He drove slowly into Macdonald avenue from the North when the police machine came along with a patrol clearing the street to permit the parade to pass. The police machine was driving at a rapid rate, according to bystanders and collided with the Mose Mock car, wrecking the police machine. All of the inmates of the machine escaped injury, except Officer Sam Wright who was cut about the head with glass from the windshield of the Ford car in which he was riding. Mose Mock's car was not badly injured and conveyed Officer Wright to the Emergency Hospital where his head was stitched up by the physicians and nurses in charge.

The Misses Glover and Ekels, nurses in charge of the hospital were in the parade at the time of the accident and left it to attend to Officer Wright, and after they had completed their work returned to their places in the parade.

THE SITUATION IN MEXICO

Were we not so thoroughly interested in William Hohenzollern, we would, just now, be greatly excited over V. Carranza.

There is no question but Mexico is lousy with German propagandists who are well supplied with money and the reports that Mexican troops are being mobilized at several points along the border seem to be well authenticated. If you can't lick a fellow, in fair fight, right out in the road in front of the house, send your crooks around to set fire to his barn. Such is the ordinary kaiser policy.

Carranza and his relatives, say people who live next door to Mexico, are silent partners in companies which control the trade in almost everything of importance produced in the country, and no one can do business without paying tribute to these concerns. Such was the old-time, long-continued Diaz "form" of government, and Carranza was bound to come to it, sooner or later; first, because Carranza and relatives, like many Mexicans, have itching palms; secondly, because a government has to have money to make its wheels go 'round.

Take the State of Sonora, where the Madera movement was hottest, for instance. It was the native State of Corral, vice-president under Diaz. Mr. Corral's oranges must be picked and marketed, before anybody else were touched. There was a splendid brewery, with exclusive concession for making beer in the State, in which Mr. Corral and relatives were "in on the ground floor." Beer requiring ice, there was an up-to-date artificial ice plant, with Corral and relatives again "in on the ground floor" and everybody unable to get ice elsewhere. Same as to soap, clothes and most other luxuries tending to "uplift" the Mexican. And that the common folks stood for it so long was argument that the Mexicans are not capable of self-government or democracy, a weakness that some students of government are already charging against the Russians, by the way.

Certain it is that, if Carranza has got to the me-and-my-relatives basis of government, Mexico is going to become a less comfortable neighbor. Stir into that basis a pinch of Teutonic deveitry and you have something cooking that Uncle Sam would be wise in carefully watching.

That the Red Cross is a big factor in the affairs of Richmond was more than demonstrated Saturday evening by the showing made by the mothers, wives and sisters when they marched along the chief thoroughfare of the city more than two thousand strong. This is a manifestation of the war spirit throughout the community and shows more strongly and clearly than anything else can show that the women of the nation are one and all behind the boys in the trenches and will back them to fight to the last man. It was a splendid showing and one which will be long remembered b your people as being the greatest demonstration ever witnessed here or in any other city in the nation.

Another of the 132 houses in which Ramona was born has been destroyed by that southern California earthquake.

If the sand and gravel that Holland lets Germany have is not camouflaged pork and beans, we're not going to throw a fit.

BIG DRIVE OF RED CROSS

Today the big drive of the Red Cross in Richmond and vicinity begins. Virtually it began last week, for money has been coming in to the local organization here headed by Claude E. Clark, manager of the East Bay Water company for several days and the coworkers of Mr. Clark at the headquarters at the East Bay offices have been busy as bees taking in the money and making out receipts. It is a great institution, is the Red Cross, but like every other institution of its kind, it cannot run without money. Here is the situation and the necessity for the present drive for money to support the Red Cross, so that our boys may be taken care of who are stricken down by the Hun shot and shell:

The war, beginning on a theoretical basis of certain nations battling with a certain group of civilized peoples long ago resolved itself into a struggle between civilization and pure beastiality. Descending daily into consistent depths of infamy, the German has stamped every inch of conquered Western ground with his peculiar trademark of frightfulness, and fixes the imprint with the blood of women and children victims of his hate.

Out of the greatness of their struggles the allied soldiers have wrought for themselves a crown of glory more glorious than any other in history.

Beset with the most dire necessity for bending every strength to war ends, the allied peoples have grown greater in finding time and means for relieving the distress of victims of super-ruthlessness.

The Chief vehicle of this reply to Prussianism has been the American Red Cross. No slaughter of non-combatants has been so big that their relief strained its resources. No suffering has been so obscure or so difficult of access that the Red Cross physician or Red Cross nurse has not heard of it and quickly arrived with remedy.

For the bigger work of stanching the wounds of thousands in great battles, and the smaller need of bracing the fighting men with hot food and cheery words between skirmishes, the Red Cross like the spirit of mercy itself, has been veritably ever present in the battle zone.

The American Red Cross is the answer of Democracy, Christianity and Civilization to Autocracy, Hate and Beastiality.

Has your voice been raised in the mighty chorus of this answer! Take a moment for reply. Do not let your voice be a thin and spiritless note in that chorus.

The present Red Cross drive gives opportunity for subscription according to your means, opportunity for your hand to reach across the battlefield and stanch the wound of soldier kin or friend.

MR. SPRECKLES' CASE

Walter Spreckles, nephew of "Sugar King" Claus Spreckles, has been barred from the sugar refinery, at Yonkers, N. Y., wherein he has been general manager for sixteen years, on the ground that he is an enemy alien. Walter was born in Germany, has lived here thirty years and never has been naturalized.

Maybe a mistake has been made in Walter's case. Any Spreckles with his hands in our sugar that long likes America well enough to be safe.

Stomach Trouble Cured

Oakland, Oct. 2, '17
My stomach was my master for many years. I am a clerk in the office of the lumber department of the S. P. Co., and after every meal I had an annoying, grating sensation, together with an empty feeling in my stomach. Through lack of nourishment my health was broken and I was in a hospital for several weeks. The doctors first cleaned me out with a stomach pump. Then they treated me for ulcers, and finally, as I did not improve, they observed my digestion through an X-ray. Concluding that they could do nothing for me they sent me home with the suggestion of an operation.
Then a fellow employee who had received a great benefit by drinking the FONG WAN CHINESE HERBS suggested that I try them. The first cup of tea brought me genuine relief, and after a few weeks I was entirely cured. I am back in the office and will be glad to give my personal testimony to any desiring it.

FRANK KEENAN IS NEW STAR AT RICHMOND

"The Public Defender," the first of a new series of special productions dealing with problems close to the minds of the masses, announced for presentation at the Richmond T. & D. theater today and tomorrow. The theme of the book from which the plot has been taken is equal right before the law. Frank Keenan, Alma Hanlon and Robert Edeson are in the cast.

The screen story was written by Mayer C. Goldman and Frank W. Harris, and the scenario was prepared by Frederick Rath. The picture was directed by Burton King.

The creation of the office of a "Public Defender" as outlined in the visual story presented by Harry Raver, is held by many eminent jurists to be absolutely essential to the proper and fair administration of justice. The idea also has the unqualified endorsement of over 2,000 newspapers and magazines throughout the country, having been editorially commended by such influential metropolitan dailies as the New York Tribune, the Mail, the Globe, and the Herald.

The third episode of the "Woman in the Webb" and a comedy and the Pictograph will complete one of the best bills of the month.

BABES BORN IN CELLARS

Refugees from the Somme area, Amiens, Compaigne and Soissons, pour into Paris, according to a letter from a Y. M. C. A. war work secretary who says that he saw one family of eleven, two women and nine children of all ages. The night before, two babies were born in the cellar of the station where he worked. One family brought with them a baby goat, a rabbit, two dogs and two chickens.

WISHLAND WILL ATTRACT MANY PLAYGOERS

No one unless actively engaged in theatrical business, has any idea of how much care is given in the production of legitimate plays, and musical comedies. That part of the public who patronize the better class of vaudeville theatres, have become just as discriminating as the patrons of legitimate attractions. This fact is clearly evidenced in the production of Wishland in which J. K. Emmet and Mary E. Ryan are offering at the Orpheum this week.

Only after months of arduous research were the scenic artists able to create the color scheme, and authentic detail, necessary for the production of this act. How well they succeeded with their task was clearly shown when several months after the first presentation of Wishland, Chu Chin Chow a marvelous Oriental play from London, appeared in New York and the decorative scheme of Wishland and Chu Chin Chow were found to be identical. Wishland must be seen to be properly appreciated.

"ALTA AND I WERE THE BEST DRESSED GIRLS AT THE PARTY

"I don't say this to be boastful for it wasn't through our own efforts that we were wearing such pretty clothes, but simply because we had learned where and how to buy. Alta and I got to comparing notes and found we both owed our stylish appearance to Cherry's easy-payment way of buying clothes. You know Cherry's is that stunning style shop you hear of. They have two stores here—a woman's store at 515 13th and a men's store at 528 13th street, Oakland. You just pay a small amount down and the rest later, as you earn. And their styles are simply adorable. Such pretty new summer dresses, too! And suits—and coats—and hats—and blouses! Everything a well-dressed girl needs."—Advertisement.

SOME PROCESSION

It is estimated that if the prisoners of war marched down the main street of this city, four abreast, it would take more than thirty days for the procession to pass a given point. The Y. M. C. A. is making an effort to reach these men and provide them with recreation, entertainment and spiritual encouragement in their solitude.

Kidney troubles, urinary troubles—frequently follow.

A Richmond citizen tells you what to do.

Mrs. E. Hafer, 140 Eleventh st. says: "I think being on my feet too much and overwork is what brings on attacks of kidney complaint. When I have an attack, I suffer from sharp pains in the small of my back and I feel miserable all over. I am tired all the time and very nervous. I also have headaches and dizzy spells. I use Doan's Kidney Pills at these times, procured from the Richmond Pharmacy and they soon fix me up in fine shape."

Y. M. C. A. LOSS GREAT

RICHMOND ELKS WIN GAME FROM MERCHANTS YESTERDAY

Fifteen for the Richmond Elks and four for the Commission Merchants of Oakland!

No, this is not a joke, but plain facts and the Elks are so weary running around that diamond today that they are not able to do a thing except sit around and nurse their sore feet. It was something terrible the way the Elks slaughtered those fellows from Oakland, but what else could they do? The visitors sent the balls right where the local fellows wanted them and they just had to hit 'em.

And how the fans did enjoy it all from start to finish! They just howled with delight and then stood upon their seats and howled some more. The local fellows went around the diamond just like jackrabbits and when it was all over the result on the score book of Elmer Bevan was something like this:
